

This dedicated team, including Tamara Price, Kristin Spearing, Jill Bruneau and casual staff Rhonda McCrae, Makayla Baxted and Stephanie Davison, consistently delivers diagnostic services with exceptional professionalism and kindness.

Beyond clinical expertise, this team fosters a welcoming environment where patients feel comfortable and cared for. Their commitment to easing patient anxiety, sharing light moments and creating a supportive atmosphere transform what could be a stressful experience into one of comfort and trust.

Their collaboration extends beyond their own department – coordinating with other imaging units to streamline appointments and reduce unnecessary hospital visits, especially for patients travelling from outside Winnipeg. These thoughtful adjustments showcase their dedication to patient-centered care.

Patient testimonials speak volumes, highlighting the team's empathy, professionalism, and positive impact on the patient experience.

By promoting high morale, teamwork, and innovation, this team not only enhances the reputation of Victoria Hospital but also elevates the standard of care in our community.
